## About Skegness Seaside's Club

Skegness Seaside's Netball Club began a netball satellite club for 10-14 year olds at a local school. Numbers ranged from 10-20 girls in the first few weeks and now there are 24 regular attendees. Seaside's have had to change venue to the another secondary school in Skegness because of demand and are still recruiting through a Facebook campaign and a 'bring a friend' initiative. Recently the club set up friendly matches against other teams in the area to give the girls some competition and a chance to try out the skills they learnt over the first part of the year.

“ Girls are enjoying sport every week. ”

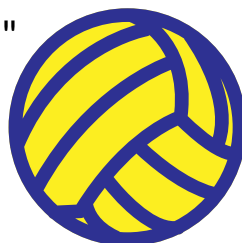

### A word from the club...

A participant said: "I love Seaside's, we have new kit and we play lots of different games and matches every week. I'm better at dodging now too!"

An organiser said: "I'm delighted that our team of coaches has been able to offer the girls a new opportunity in Skegness. Standards have improved, we're continually moving forward, but most of all, girls are enjoying sport every week."

Seaside's Netball Club

## Satellite club successes

Skegness Seaside's satellite club has been so popular that it has moved it's club to a new venue to cater for and recruit more girls.

Since the start of the satellite club five u14 girls have affiliated to England Netball to play in the Seaside's' league.

The club has successfully fielded three full teams and has recruited volunteers who get involved each week to help to run and promote the club to local children.
