

Reconnecting with communities

The United Together Project is delivered across Lancashire in partnership with probation services, the Football Community Trust, Active Lancashire and the Challenge through Sport Initiative (CSI). It helps people to improve their skills and employment prospects, build confidence and community engagement to help prevent re-offending.

The benefits

Basic needs

Belonging

Wellbeing

Training

In addition to support from probation services you could get help to overcome barriers such as housing and debt as well as 1 to 1 mentoring with an individual programme. This can include physical activity sessions, training courses, employment advice and work experience opportunities, designed to boost confidence, improve wellbeing and help you get your life back on track.

A helping hand

You'll work with a mentor who'll assess your needs, help you identify and overcome any barriers and guide you into localised support through your local Housing Association and Football Community Trust.

United experiences

Your support plan will be tailored to your needs using Football Community Trust and Active Lancashire programmes and CSI Mentors which will include:

Sport and physical activities

Team Building

Health and nutrition

Volunteering opportunities

Community Integration

Upskilling Workshops

Find out more:

The partners delivering the support across Lancashire are:

- Active Lancashire
- More Positive Together (i.e Local Housing Associations)
- Burnley FC in the Community
- Accrington Stanley Community Trust
- Blackburn Rovers Football Club Community Trust
